## **Care and Maintenance**

The cleaning and maintenance of this product must be carried out on a regular basis by the user.

The cleaning and maintenance of the stroller must only be carried out by an adult.

### **CLEANING**

Clean the fabric parts with a damp sponge and neutral detergent. Please refer to the product's care label.

Routinely wipe clean plastic parts with a soft damp cloth.

Always dry the metal parts to prevent the formation of rust if the stroller has come into contact with water.

### **MAINTENANCE**

Lubricate the moving parts only if necessary, with a light application of a silicone based lubricant.

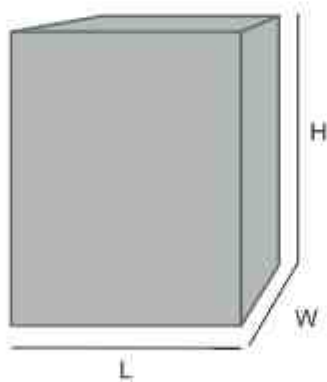

Routinely check the condition of the wheels and all moving parts. Keep them free from dust, dirt or sand. To avoid friction, that may prevent the correct use of the stroller, ensure that all the movable plastic parts located along the keep the stroller in a dry place.

Only a Chelino representative can decide whether the product needs to be replaced\credited\exchanged.

Once you are satisfied with the assembly of this product and have read this instruction and agree to the terms stated and are ready to use this product, please ensure that all safety locks are engaged to ensure safe use of this product.

Please ensure that the child is always securely strapped into this product at all times. The seat belts must be properly adjusted to keep the child secured. If the seat belt is too loose the child could fall out thus causing injury. If the seat belts are too tight it will cause injury and aggravation to the child.

Never leave the child unattended or without parent\guardian supervision while in this product, as injury could be caused by other parties intentionally or unintentionally. This product can be knocked over and the child can be injured.

Never lift this product while the child is in it. This can cause this product to fold and thus causing injury to the child seated in this product. When confronted with a staircase, no matter how many steps there are, please use the alternatives such as an elevator\lift or ramp or remove the child from this product before using the staircase. Never allow the child to stand on the seat of this product. This can cause this product to fold and thus causing injury to the child. The child can also fall out of this product causing injury to him\herself. This can also cause damage to structure of this product. This product is designed for the use of only one child. This product cannot accommodate more than one child.

Always engage the brake when you are not using this product. Please note, by applying the brake one still cannot leave the child unattended and without parent supervision. If the brake is not engaged properly the product will move.

Take special care when adjusting the backrest if the child is seated in this product. It is preferred to select the desired backrest position before seating the child this product.

Prevent and do not allow any child to climb into this product or hang onto the handle bars or any other part of this product. This imbalance of weight can cause this product to topple thus causing injury.

Do not hang or place any diaper bag or shopping bags or any other item over the handle bars or canopy of this product. This weight can cause damage to this product and also cause this product to fold or topple.

Storage trays\storage compartments\cup holders are there for convenience and are

not suitable for holding large amounts of liquids (hot or cold) or heavy objects. These areas are also not waterproof or leak proof and spillage can occur.

The storage basket situated underneath the seat can hold a maximum weight of 3kgs. Do not place any items heavy than 3kgs and items which do not fit in this basket as this will hamper the performance of this product.

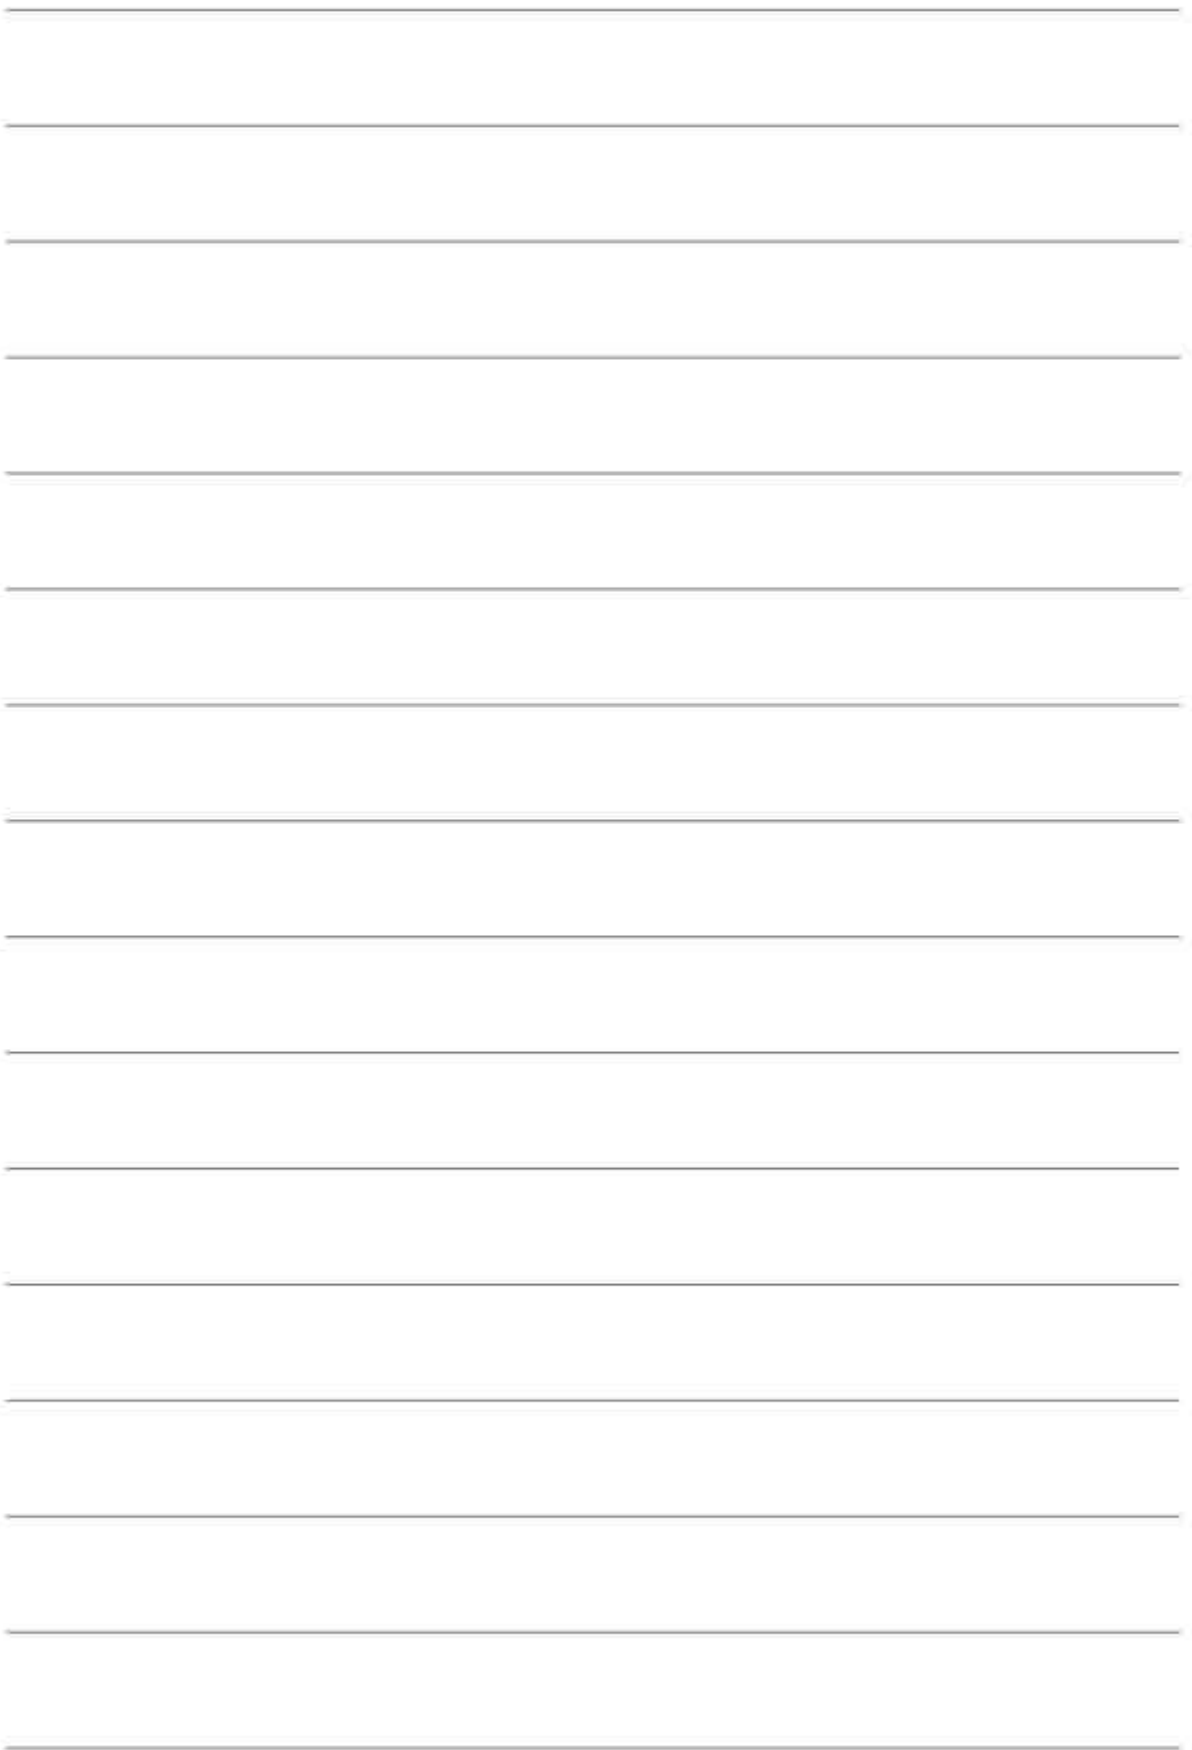

This product is fit to carry a child weighing no more than 15kgs.

This product was designed to be used on smooth surfaces and in average weather climates. Do not use this product on rough terrains and uneven surfaces and in extreme weather conditions. Using this product in the undesired terrains and weather conditions can cause serious damage to this product and to your child.

Chelino takes no responsibility and will not be held liable for any damage or injury caused by using this product or if this product is used for any other purposes other than its intended purpose.

Please note, there are no warranties or guarantee on any fabrics or sponge grip handles used on this product.
